We are pleased to announce that the Young Pharmacists Chapter (YPC) Johor is organizing the Johor Diabetes Workshop 2019 (JDW 2019). We hope to provide a learning platform for pharmacists who wish to deepen their knowledge on diabetes mellitus management and to specialize in Diabetes Care Management. This workshop enables pharmacists to gain exposure and insights from our renowned speakers about the latest diabetes mellitus management.

The objective of this workshop is to equip providers to offer their patients optimal management of diabetes and its related conditions, improved health outcomes and enhanced quality of life.
