

Young CARE Leaders Development Program

February - December 2020

Johor Bahru, Malaysia

Organised by:

In collaboration with:

Welcome

Thank you for your interest in the Young CARE Leaders Development Program 2020. The founding inspiration of this program came from the Young Pharmacist Chapter's mission to shape the future young healthcare leaders at their career early stage. We hope to identify potential future leaders, develop robust skill sets and empower the program candidates to lead and shape the future healthcare industry.

The program is a one-year program designed with four main themes, namely Competency, Attitude, Responsible and Empowerment, also known as CARE, which is undeniably one of the most important attributes in serving our patients. Through this program, we hope to develop emerging healthcare leaders who are capable at its core and passionate in delivering quality and holistic care towards our patients.

This information pack provides you with more details about the program, which is the first of its kind in Malaysia. We sincerely hope that you will join us on this exciting and transformative journey. If you need further information, please do not hesitate to reach out to me at sawcyee@gmail.com.

Leading the future in pharmacy practice, serving you with our best.

Saw Ching Yee
Chairperson
Young Pharmacist Chapter (Johor)
Malaysian Pharmaceutical Society (MPS)

Program Objective

Develops **CARE** leaders who strive for excellence to ensure everyone has the access to quality and holistic healthcare in Malaysia

Competency

Stay curious and updated with knowledge that contributes to healthcare

Attitude

Take charge of themselves and take initiatives in their individual and teamwork

Responsibility

Take ownership of their roles and tasks; follow up and with them through diligently

Empowerment

Lead the changes in their organisations and community and influence others to do the same

Our Core Values

In every part of our program, we go above and beyond to ensure our Leaders can:

Connect

Leverage on strengths and resources

Create

Inspire with an A-ha! Moment

Contribute

Champion beyond just a job

Continue

Create long lasting impact

"Bring your whole self to work; not only your knowledge and expertise, but also who you are. If you do, you will become an authentic and courageous leader — something intensely needed at this time in healthcare. And you will have the power to change your workplace and the community around you."

— Mary Brainerd, President and CEO of HealthPartners
