

ON@PRO Online Education Platform for Healthcare Professionals

Introduction

ON@PRO is a safe, attractive, and unique way in promoting continuous medical education amongst HCPs. Consists of more than 32 interactive training modules, relating to various aspects of diabetes care and management with certification option after completing the program successfully.

Objective & value of program

...Exclusive educational content

ON@PRO offers healthcare providers who involved in treating and educating patients with diabetes. An attractive and exclusive educational portal for personal continuous medical education. The educational material is presented in an innovative and intuitive format.

...Evidence based

The content of ON@PRO is evidence-based and follows the state-of-the-art in medical science and diabetes management. It highlights future perspectives of innovative patient management and is developed independently from ASCENSIA Diabetes Care.

...Certification

With the use of ON@PRO you have the opportunity to receive a CME certificate for successfully passing a certain number of modules. The certificate will be issued by Prof. Peter Schwarz (Medical Faculty Carl-Gustav-Carus at the University of Dresden).

Course Developer

The TUMAINI Institute for prevention management consists of an engaged team of scientific associates of different fields (e.g. nutrition science, psychology, sports science, health science).

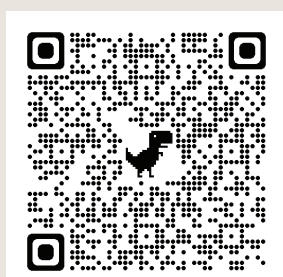

They have experience in:
Scientific investigation and evaluation of preventive offers
Development and implementation of programs for the prevention of T2DM

Prof. Dr. Peter Schwarz is the holder of the first Chair of the prevention of diabetes in Germany at the University Hospital Dresden.

He developed the curriculum for ON@PRO and he is an expert for lifestyle changing to prevent diabetes
