SUMMIT 2024

Diabetes Lifestyle Management: Patient Care in the Golden Years & A Sneak Peek on Sexual Health

NOVEMBER 23, 2024 (SATURDAY)
9:00AM – 1:30PM

ALL HEALTHCARE PROFESSIONALS ARE WELCOMED!

Join us to explore the evolving challenges of diabetes lifestyle management in Malaysia

Part 1: Managing Diabetes in Golden Years

As Malaysia's population ages, diabetes among the elderly is becoming an increasing public health concern. Discover how to navigate the complexities of diabetes management in older adults, addressing challenges like malnutrition, physical inactivity, and other age-related issues.

Part 2: A Sneak Peek on Sexual Health in Diabetes

Sexual health is a crucial but often overlooked aspect of holistic diabetes care. Although essential, conversations about sexual health are rare in the healthcare system. Learn from experts how to effectively address sexual dysfunction in people with T2DM, overcoming cultural barriers and enhancing patient outcomes.
